Dear,

Hello. I am Michael Anthony Grange Jr. I am a Front-End and Full Stack Developer. I have critical skills expertise in Environmental science, HTML, CSS, Javascript, Typing, Microsoft Office, Microsoft Excel, Microsoft Word, Microsoft Powerpoint, Computer Hardware, IT Operations, Computer Science, Music Production, Statistical Programming, AI, Front-End Web Development, Back-End Web Development, Information Security, JSON, Document Object Model (DOM), JQuery, Express.js, Node.js, Django, and Python. Ect. I have a broad affinity in music, information technology, and video content creation. Ect. My application has been submitted. In this job I am a Full-Stack Web Developer with the end in mind to complete objectives. My objectives are progression in company prosperity, personal and peer evolution, creative inclination. Ect. My skills in Environmental science, HTML, CSS, Javascript, Typing, Microsoft Office, Microsoft Excel, Microsoft Word, Microsoft Powerpoint, Computer Hardware, IT Operations, Computer Science, Music Production, Statistical Programming, AI, Front-End Web Development, Back-End Web Development,

Information Security, JSON, Document Object Model (DOM), JQuery, Express.js, Node.js, Django, and Python. Ect. Are in high demand. My abilities from personal and professional experience include Coordinated concise organization, conducting job fulfillment in an international setting, and maintaining professional courtesy working with international currency, conducting social interactions in a work environment with the customers experience in mind, maintaining a secure work environment recognizing responsibilities of the role as a team member. Ect.

At my current role as an Artificial Intelligence Engineer, I harness my CompTIA A+ certification and knowledge in environmental science to develop AI-driven solutions that prioritize environmental safety and health. My work at the intersection of technology and environmental awareness reflects a strong commitment to sustainable development. With hands-on experience in full stack development, I contribute to a broad range of projects, ensuring both technical excellence and environmental integrity. Our team's efforts are guided by the core competencies in EHS, which are vital in today's eco-conscious market. This unique blend of IT skills and environmental focus stems from an educational foundation in Computer Science at Florida SouthWestern State College. My contact information is included in my resume, cover letter and portfolio. I am open to remote work, on-site, and hybrid. Locations (on-site). United Kingdom, United States, Netherlands, Belgium, Germany. Locations (remote). United Kingdom, United States, Netherlands, Belgium, Germany. Start Date. Immediately, I am actively applying and flexible, I am casually looking. Employment types. Full-time, part-time, contract, internship, temporary. I would love to be an application candidate for an interview.

Sincerely,

Michael Anthony Grange Jr.
